Re: Reference for Edwards Land Surveys Ltd. ("ELS")

Iron Brothers Ltd. ("Iron Bros") has worked with ELS since its inception in 2012 and have work with its owners previous to that. ELS has been a very reliable company to work with, delivering excellent service and deliverables on time. Care is taken to ensure the work is executed with accuracy and in an efficient manner. ELS is a valuable business partner and Iron Bros recommends them as a reliable supplier.
