**Re: Edwards Land Surveying Ltd.**

To Whom It May Concern:

This letter is written to express Hammerstone Corporations complete satisfaction with the surveying services provided by Edwards Land Surveying Ltd.

Edwards Land Surveying completed a large area survey of our recently acquire mineral surface lease mining disposition amendment.

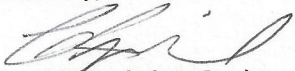

All services were provided in a professional manner and were completed within the predetermined time line and fee. The field surveyors met all of our high standard Health and Safety requirements.

Lemont was always available to answer any questions or concerns regarding the program or other matters involving the survey.

Hammerstone would use Edwards Land Surveying for future work and I recommend them to other clients or business partners.

Please feel free to call me directly if you would like any additional information or have any questions regarding our experience using Edwards Land Surveying.

Sincerely,

Gerald Kozdial, P.Geol.  
Project Geologist and Land Administrator  
Hammerstone Corporation
